

1,000 Books Before Kindergarten

To participate follow the steps below:

1. Register for the program online ([click here](#)), in person or by telephone (631-499-0888) using registration code CKC1000.
2. Read together.
3. Write the titles you and your child read together on your 1,000 books reading log. You may read a title more than once. Every time your child attends a storytime, you may also use that title towards your count.
4. Each time you finish 100 books, bring your sheet to the Library. Your child will receive a reward, have their photo taken and receive the next 100 book sheet, until you reach 1,000 books read.
5. If you prefer to record your books online, please download the 1,000 Books Before Kindergarten app for your iPhone or Android mobile device. Each time you reach a milestone, please come to the Library to show us that you've read the books with your child.
6. When you finish 1,000 books, your child will receive a special reward!

There's no rush – the program ends when your child finishes 1,000 books or they enter kindergarten, whichever comes first. One thousand books may seem like a lot, but if you read just three stories a day with your child, you will reach that goal in about a year! More importantly, you'll have created and shared many special moments along the way.
